Pectoral Region

Muscle	Origin	Insertion	Nerve Supply	Action
Pectoralis Major	• Medial 2/3rd of Clavicle • Sternum • 1st to 6th costal cartilage	• Bicipital groove of Humerus	Pectoral Nerve	Adduction & Medial rotation of shoulder joint
Pectoralis Minor	3rd, 4th & 5th ribs	Coracoid process	Pectoral Nerve	Draws the scapula forward
Subclavius	1st Rib	Subclavian groove of clavicle	Nerve to Subclavius	

Muscle connecting Upper limb with Vertebral Column

Muscle	Origin	Insertion	Nerve Supply	Action
Trapezius	• Superior nuchal line • C7 Spine • T1-T12 Spine • External occipital protuberance	• Lateral 1/3rd of clavicle • Acromion process • Crest of spine	Spinal accessory nerve	Neck extension Scapular retraction Scapular stabilizer
Latissimus dorsi	Iliac Crest T7 - T12 Lumbar & Sacral Spine Inferior angle of Scapula	Intertubercular Sulcus	Thoracodorsal Nerve	Adduction, Extension and Medial rotation of Shoulder during swimming, climbing, etc
Levator scapulae	Transverse process of C1 & C2	Superior angle and medial border of scapula	Dorsal scapular Nerve	Scapular elevation
Rhomboid minor	Ligamentum nuchae C7 & T1 Spine	Spine of scapula	Dorsal scapular nerve	Scapular retraction
Rhomboid major	T2 - T5 Spine	Medial border of scapula	Dorsal scapular nerve	Scapular retraction

Scapular Region

Muscle	Origin	Insertion	Nerve Supply	Action
Supraspinatus	Supraspinous fossa of scapula	Greater tubercle	Suprascapular Nerve	Shoulder abduction Shoulder stabilization
Infraspinatus	Infraspinous fossa	Greater tubercle	Suprascapular nerve	External rotation of shoulder Shoulder stabilization
Teres minor	Medial 2/3rd of infraspinous fossa	Greater tubercle	Axillary nerve	Same as infraspinatus
Teres major	Lower 1/3rd of posterior of lateral border of scapula	Bicipital groove (Medial lip)	Lower subscapular nerve	Medial rotation, Adduction & Extension
Subscapularis	Subscapular fossa	Lesser tubercle	Subscapular nerve	Medial rotation Adduction Shoulder stabilizer

Arm (Anterior Compartment)

Muscle	Origin	Insertion	Nerve Supply	Action
Coracobrachialis	Coracoid process	Medial border of humerus	Musculocutaneous nerve	Flexion of shoulder joint
Brachialis	Short head - Coracoid process Long head - Supraglenoid tubercle	Radial tuberosity	Musculocutaneous nerve	Flexion of shoulder joint
Brachialis	Anterior surface of humerus	Ulnar tuberosity	Musculocutaneous nerve	Elbow flexion

Arm (Posterior Compartment)

Muscle	Origin	Insertion	Nerve Supply	Action
Triceps brachii	Long head - Infraglenoid tubercle Lateral head - Posterior surface of humerus Medial head - Posterior surface of humerus	Olecranon process	Radial nerve	Elbow extension

SEDATIVE PHYSIO

Ph. No - +91 9060627610

Email ID - sedativephysio@gmail.com

Forearm - Anterior Compartment (Superficial)

Muscle	Origin	Insertion	Nerve Supply	Action
Pronator teres	Medial epicondyle of humerus	Shaft of radius	Median nerve	Forearm pronation
Flexor carpi radialis	Medial epicondyle of humerus	2nd & 3rd Metacarpals	Median nerve	Wrist flexion & abduction
Palmaris longus	Medial epicondyle of humerus	palmar aponeurosis	Median nerve	Wrist flexion
Flexor digitorum superficialis	Humeral head - Medial epicondyle Ulnar head - Coronoid process Radial head - Anterior oblique line	Middle phalanx of 2nd - 5th digits	Median nerve	Middle phalanx flexion
Flexor carpi ulnaris	Humeral head - Medial epicondyle Ulnar head - Olecranon process & posterior border	Pisiform	Ulnar nerve	Wrist flexion and adduction

Forearm - Anterior Compartment (Deep)

Muscle	Origin	Insertion	Nerve Supply	Action
Flexor digitorum profundus	Shaft, Posterior border, Olecranon process & Coronoid process of ulna	Palmar surface of distal phalanx	Ulnar & Median nerve	Flexion of distal phalanx. Gripping action
Flexor pollicis longus	Anterior surface of ulnar shaft	Palmar surface of distal phalanx of thumb	Median nerve	Flex distal phalanx of thumb
Pronator quadratus	Shaft of ulna	Anterior border of radius and above ulnar notch	Median nerve	Forearm pronation

SEDATIVE PHYSIO

Ph. No - +91 9060627610

Email ID - sedativephysio@gmail.com

Forearm - Posterior Compartment (Superficial)

Muscle	Origin	Insertion	Nerve Supply	Action
Anconeus	Lateral epicondyle	Olecranon process of ulna	Radial	Elbow extension
Brachioradialis	Lateral supracondylar ridge	Styloid process of radius	Radial	Elbow flexion
Extensor carpi radialis longus	Same	Posterior of 2nd metacarpal	radial	Wrist extension & abduction
Extensor carpi radialis brevis	Lateral epicondyle	Posterior of 3rd metacarpal	Radial	Same
Extensor digitorum	Same	Middle phalanx of 2nd to 5th digits	Same	Fingers extension
Extensor digiti minimi	same		Same	MCP extension of little finger
Extensor carpi ulnaris	Same	Base of 5th metacarpal	Same	Wrist extension & adduction

Forearm - Posterior Compartment (Deep)

Muscle	Origin	Insertion	Nerve Supply	Action
Supinator	Lateral epicondyle	Neck & Shaft of radius	Radial	Forearm supination
Abductor pollicis longus	Posterior surface of ulnar shaft	1st metacarpal	Same	Thumb abd. & extension
Extensor pollicis brevis	Same	Proximal phalanx of thumb	Same	Extend MCP of thumb
Extensor pollicis longus	Same	Distal phalanx of thumb	Same	Extend distal phalanx
Extensor indicis	Same	Index finger	Same	Extend MCP of Index
